Beastie bay apk old version

Drifting to the shores of a deserted island and surrounded by wild beasts, you can thrive... or merely exist? Blaze trails into unknown territory... and then make it your own! Plant trees, build houses and energy sources, and turn the island into your own personal paradise. As you progress, you'll be able to develop new equipment and technology to take your adventure to the next level, including how to travel to nearby unexplored islands! Are native animals targeting you as their next meal? Capture the creatures, trade them with friends, and train them to fight for you! Most have elemental strengths and weaknesses, so use them to take advantage of your battle. Venture far enough afield and you can find signs of civilization. If you make friends properly, your humble island can grow into an economic power, complete with hot springs, hotels and helpads. Possibilities are limitless as horizons! Survival of the fittest was never so fun! You call the shots as you grow your primitive island into a luxurious slice of paradise! Game data is stored on your device. As you progress, users will explore a large island, trying to adapt to its conditions. Since the developers have fores seen some realistic games, we will have a unit need: sleep, hunger, thirst, fatigue. We're going to have to try to figure it all out. Interestingly, we will gradually expand our ownership. Construction here is an important point that will give development to the entire island. This land in the middle of the infinite ocean can become a real metro with infrastructure. Features:visual design in the style of old school;simple navigation;pets available for research;expanding tool sets to build;large number of resources.
